**Amendment to Petition for Waiver and Supplemental E911 Phase II Report
of California RSA #3 Limited Partnership, a California Limited Partnership,
d/b/a Golden State Cellular**

California RSA #3 Limited Partnership, A California Limited Partnership, d/b/a Golden State Cellular ("Golden State Cellular"), by its attorneys and pursuant to Section 20.18(i) of the rules and regulations of the Federal Communications Commission ("Commission"),¹ and the Commission's recent public notices,² hereby submits an amendment to its Petition for Waiver in the above captioned proceeding.

¹47 C.F.R. §20.18(i).

²"Commission Establishes Schedule for E911 Phase II Requests by Small and Mid-Sized Wireless Carriers, CC Docket No. 94-102," *Public Notice*, FCC 01-302, rel. Oct. 12, 2001 ("*October 12 Public Notice*"); and "Wireless Telecommunications Bureau Provides Guidance on Filings By Small and Mid-Sized Carriers Seeking Relief From Wireless E911 Phase II Automatic Location Identification Rules, CC Docket No. 94-102," *Public Notice*, DA 01-2459, rel. Oct. 19, 2001 ("*October 19 Public Notice*").

On September 19, 2001, Golden State Cellular filed a Petition for Limited Waiver of Section 20.18 of the Commission's rules.³ On October 12, 2001, the Commission ruled on five nationwide carriers' similar requests for waiver of the Commission's enhanced 911 Phase II implementation plans, set mandatory conditions,⁴ and gave small and mid-sized carriers until November 30, 2001

³Revision of the Commission's Rules To Ensure Compatibility with Enhanced 911 Emergency Calling Systems, CC Docket No. 94-102, DA 98-2631, California RSA #3 Limited Partnership, A California Limited Partnership, d/b/a Golden State Cellular Petition for Limited Waiver of Section 20.18(g) of the Commission's Rules, filed September 19, 2001 ("*September 19 Petition*").

⁴See In the Matter of Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems, Request for Waiver by AT&T Wireless, CC Docket No. 94-102, *Order*, FCC 01-294, rel. Oct. 12, 2001; In the Matter of Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems, Request for Waiver by Nextel Communications, Inc., CC Docket No. 94-102, *Order*, FCC 01-295, rel. Oct. 12, 2001; In the Matter of Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems, Request for Waiver by Cingular

to file requests for waiver of E911 Phase II implementation requirements or to supplement or revise pending requests for waiver.⁵

As Golden State Cellular indicated in its September 19 Petition, its proposed compliance schedule is based heavily upon the expected general availability date for Phase II-compliant handsets to major, nationwide carriers with a built-in “lead-time” of several additional months for the product to “trickle down” to small rural carriers like Golden State Cellular. In light of the recent extensions of time granted to nationwide wireless CDMA carriers, Golden State Cellular now believes the earliest date by which the large, nationwide carriers will see delivery of CDMA-based, ALI-capable handsets is December 2001. Accounting for expected delays before such handsets reach a small carrier such as Golden State Cellular and necessary testing, Golden State Cellular does not expect to be capable of selling and activating handsets prior to October 1, 2002. Accordingly, Golden State Cellular hereby amends the proposed implementation schedule contained in its

Wireless LLC, CC Docket No. 94-102, *Order*, FCC 01-296, rel. Oct. 12, 2001; In the Matter of Revision of the Commission’s Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems, Request for Waiver by Sprint Spectrum L.P. d/b/a Sprint PCS, CC Docket No. 94-102, *Order*, FCC 01-297, rel. Oct. 12, 2001; and In the Matter of Revision of the Commission’s Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems, Request for Waiver by Verizon Wireless, CC Docket No. 94-102, *Order*, FCC 01-299, rel. Oct. 12, 2001.

⁵*October 12 Public Notice.*

September 19 Petition as follows:

| | |
|-------------------|--|
| October 1, 2002: | begin selling and activating ALI-capable handsets. |
| December 31, 2002 | 25 percent of activated handsets are ALI-capable. |
| June 30, 2003 | 50 percent of activated handsets are ALI-capable. |
| December 31, 2003 | 100 percent of activated handsets are ALI-capable. |
| December 31, 2006 | 95 percent penetration rate of ALI-capable handsets. |

Further, if such equipment becomes commercially available earlier than expected, Golden State Cellular will proceed to implement E911 Phase II promptly and will so advise the Commission of its progress related to this matter via its required quarterly report. By the same token, as indicated in the September 19 Petition, whether and when ALI-capable handsets are available is completely outside of Golden State Cellular's control. Therefore, if as Golden State Cellular's revised deadline approaches, Phase II-compliant handsets and necessary upgrades to cellular switching systems are still unavailable commercially, Golden State Cellular will so advise the Commission.

Additionally, Golden State Cellular has queried handset vendors regarding the anticipated cost of the yet unavailable ALI-capable handsets. It has received estimates for the cost of ALI-capable handsets varying anywhere from \$10.00 to \$200.00 more per telephone than that of currently utilized Golden State Cellular handsets. This handset cost uncertainty makes it difficult to project whether consumers will be willing to spend extra money to purchase a handset with ALI capability; whether Golden State Cellular will be able to absorb the cost difference without operating at a loss; and ultimately raises further questions related to Golden State Cellular's ability to meet the Commission's percentage thresholds for selling and activating ALI-capable handsets. If once ALI-capable handsets are generally available, and the cost of those handsets becomes known, Golden State Cellular finds that it is unable to sell ALI-capable handsets in numbers which would meet the required penetration percentages, it reserves the right to request a further waiver of the

Commission's rules at that time.

The foregoing, along with the information contained in the September 19 Petition satisfies both the general requirements to waive a Commission rule, as well as the more detailed standards contained in the Commission's E911 *Fourth Memorandum Opinion and Order*,⁶ and the *October 19 Public Notice*. Accordingly, there is good cause to grant the limited waiver requested herein.

Respectfully submitted,

Golden State Cellular CELLULAR
